Hi Mark,

From my notes, the two issues that still need clarification:

- 1) 

**Deliberative Process / Ex. 5**
- 2) **Requirement for a printed bulletin?** – See Carol's message below on this issue

Sure, I understood from the discussion of the SFIREG work group that the issue of determining compliance with the requirement to consult Bulletins Live came up on the last webinar -- specifically, I understand the idea was communicated that the applicator "needs" to print out screen shots from the Bulletins Live website. Since printing screen shots is not required by the label, I want to make sure that we have a common understanding of how to communicate the requirements. I don't know if there were any other compliance issues that were raised during the webinar, but if there were, it would be a good idea to discuss those as well. If there's just this one issue, it may not require a lot of discussion, I just want to make sure that everyone involved in the dicamba discussions is on the same wavelength. 😊

Hi Carol,

I would include the following people (copied on this message) in this discussion:

- RD – Dan Rosenblatt, Dan Kenny
- EFED – Lee Kyle, Mark Corbin

Thanks!

Hi Carol,

It'd likely be folks from EFED and possibly RD depending on the compliance issue. So we get the right people, can you expand on the compliance topic?

Thanks,

If you all wouldn't mind, I'd like to have a discussion before the next Bulletins live webinar (April 10) about the compliance issues that have been raised. I don't know who all that should involve on your side. I'd be happy to set up a conference call if you let me know who to invite.

Thanks!
